

General Education Seminar, Third Year Fellows  
“Real World Problem Solving”

***Rough Draft of Final Project (syllabus/assignment only) due April 19, 2013***

**Purpose:**

Create a plan to incorporate service learning/community-based learning in your fall 2013 course for first or third year students, and share that plan with the college community.

**Audience:**

Third Year Fellows, Second Year Fellows, Invited Administration, College Community and Visitors to the Third Year Fellows OpenLab Site

**Task:**

Syllabus for a fall 2013 course for first or third year students including an assignment/course unit handout that includes and highlights:

- General education student learning outcomes
- Service learning/community-based learning and an additional HIP if applicable
- Assessment strategies/rubric

Prepare and present a *three minute* oral presentation about the use of service learning/community-based learning in a fall 2013 course for first or third year students.

Include:

- an introduction to your course and how the assignment/course unit has changed
- a review of Gen Ed student learning outcomes, HIPs used and your assessment strategy
- closing

**Resources:**

For help with service learning/community-based learning projects including project ideas, community organization contacts, and additional resources, feel free to contact:

- Anne Leonard, Research and Pedagogy, BWRC, aleonard@citytech.cuny.edu
- Richard Hanley, Director, BWRC, rhanley@citytech.cuny.edu
- Ben Shepard, Third Year Fellow, bshepard@citytech.cuny.edu

**Format:**

The information above will be uploaded as a PDF to the “file” section on the Course Profile of the Second Year Fellows OpenLab site. Presentations will be given during the May 3<sup>rd</sup> Seminar.

**Assessment:**

Peer evaluation of rough draft during April 19 seminar meeting.
