

## Class Info

- **Date:** Thursday, February 4, 2021, 2:30-3:45pm
- **Meeting Info:** Class will meet synchronously on zoom ([zoom link](#))

## To-Do Before Class

N/A

## Topic

Linear First Order Equations

## Objectives

- find general solutions to a variety of linear first-order differential equations and initial value problems
- homogeneous and non-homogeneous

## Activities

[Zoom recording](#) (password distributed by email)

Class notes:

## To-Do After Class

### 1. **WeBWorK assignment due 2/16/21:** *Nonhomogeneous\_Linear*

NOTE: Since we did not complete all of today's material in class, I have extended the due date for this homework assignment from 2/11 to 2/16. We will cover the rest of the material next Tuesday 2/9.
