This is a pic of all the different signs used on recent issues in politics. It's interesting to see the different opinions that other people have , comparing Obama to Hitler. It's funny, because the same comparison is being used against Trump.

Questions:

1. Why would federal law find pirate radio so much of a threat? Do they that pirate radios would have topics they deem " controversial"?
2. Is the crackdown on pirate radio depending on the state, or is it country wide?
