

Name: _____ Project: _____

	Does Not Meet Expectations	Almost Meets Expectations	Meets Expectations	Exceeds Expectations
Thoroughness	50% or less of assignment is complete; major questions are left unanswered	75% of assignment is complete OR assignment is complete, but does not completely explore the question	assignment is completed; solution meets all project requirements; all major questions answered	solution meets all project requirements and includes thoughts on reasonable alternatives; all major and minor questions answered
Appropriateness	solution is way under or way over budget; fails to account for major conditions	solution does not match project parameters (either too expensive or too far under budget); solution fails to account for some minor conditions	solution matches project parameters	
Communication	major pieces of information are missing; solution to problem is not explained in any way	all necessary information is included, but it is difficult to find or read; clear presentations, but with some missing elements	Solution is presented clearly; all necessary sketches, calculations, and written descriptions are present and legible	descriptive elements are all present AND organized in meaningful way; sketches are particularly detailed
Problem Definition	Problem definition is missing or wildly inaccurate	The main idea of the problem is identified, but not clearly defined. Some implications of the problem are misunderstood.	The main idea of the problem is correctly defined.	The main idea of the problem is correctly defined in a detailed and nuanced way.
Aesthetics	solution and presentation are so messy as to be unusable	solution and presentation are functional but sloppy	solution and presentation are clean and efficient; solution to problem OR presentation of information is particularly elegant, or innovative	solution to problem AND presentation of information is particularly elegant, efficient, or innovative
