

Teaching in the Times of Covid

Best Practices and Effective Assignments
City Tech Math Department

Incorporating a variety of assessment styles

- What new assignments, pedagogies and teaching strategies have you incorporated into your courses?
- What were the pros & cons?
- Will you continue to use these assignments and strategies moving forward?

For the future

What kind of support do you envision requiring in order to adapt and use your new assignments for future classroom use?

This can include tech & non-tech needs.
