Practice Final Exams

The Orientation set is provided in order to help you learn how to input your answers into WebWork.

If you are unfamiliar with how to use WebWork, please begin by completing the 10-question Orientation set.

The settings have been defined as follows:

- You will have 120 minutes to complete the practice exam.
- To SAVE your answers as you work, click on any of the "prelive answers" buttons.
- To SUBMIT your answers, click "Grade Test" at the bottom of your exam.
- Your grade will NOT be recorded until you SUBMIT your answers with "Grade Test".
- You are allowed to have your answers graded TWICE in the 2 hours.
- You may attempt a new version of the exam 24 hours after your most recent attempt.

Final Exam

LIMITS 2 questions

DERIVATIVES 3 questions { rules, definition, implicit

APPLICATIONS OF DERIVATIVES 4 questions { related rates, optimization, graph, differential / tangent line

INTEGRALS 1 question
