

UR and MIR ROBOTS TRAINING

APRIL 5 AND 6, 2023

Collaborative Robots Applications

Cobots from **Universal Robots (UR)** are bringing **flexible automation** to manufacturers of all sizes.

From **assembly to painting,**

from **palletizing to screw-driving,**

from **packaging to polishing,**

from **injection molding to welding,** or **whatever processing task** you can think of, UR robot arms can help you achieve **greater productivity** to **compete in a global market.**

About MiR

Mobile Industrial Robots (MIR) is a leading manufacturer of collaborative mobile robots

The MiR100™ is a flexible, reliable and easy to use mobile robot that quickly and cost effectively automates companies internal transportation and logistics.

The robot optimizes workflows, freeing staff resources so you can increase productivity and reduce costs.
