Re: Job Vacancy Notice MARAD.MMA-2014-0022

Dear Sir/Madam.

In reference to the position for Electronics Technician, I am enclosing my resume for your review and consideration.

My professional knowledge background encompasses more than five years of technical experience. This includes designing, drawing diagrams, and building prototypes. Also, working with Logic Controllers, AC/DC electronic components.

During this period I have worked in different areas including MTA Transit Electronics Maintenance Division, STV Inc. My exposure to all of these places enables me to have a vast knowledge of electronics repair.

In addition to my experience, I have been a mentor to high school students in building robots in order to participate in First Robotics Competition.

Also as part of educational experience I was part of a team that designed and programmed a project called Intelligent Sun tracker for Diligent Competitions, which is held annually among colleges' students.

I am looking forward for an interview so that I may further discuss in detail my qualifications and the job requirements. I can be reached at (646) 468-2323.

Sincerely,

Amreen Akbar
