Dear Mr. Alexander,

Thank you for attending our aunt's surprise birthday dinner party .It was a pleasure to see you and your families last week. Your parents seem to have the most fun they danced the night away. But I am glad they had fun. I am sure they have lost weight especially all the Thai food that they ate.

I was surprised that you got me a gift. Thank you so very much for the adorable bracelet. It was thoughtful of you and your family to think of me.

There will be a forthcoming invitation for another gathering around Easter. See you then.

Sincerely yours,

Amreen Akbar
