To: Nursing Department/Job Opportunity,

I am interested in applying for the Nursing position as a Registered Nurse (RN). I would like to work in a cultural diverse environment in which I can utilize my skills and experience in a facility with the opportunity to growth. I have the ability to work under pressure and well organized. My main top priority is to providing patient centered care that focuses on every patient's emotional, spiritual and physical needs.

I have enclosed a resume for your review. I will like to arrange an interview with you to answer any question you may have. I am looking forward to meet with you.

Respectfully yours,

Alice Garcia, RN
