# Hotel in Space -Ad Campaign Process Book

Amberly Lima Communication Design II COMD 2400 D198

#### **Project Overview**

The Hotel in Space Campaign is to create an ad campaign for a fake/official hotel franchise promoting their new "hotel in space" through various mediums and platforms. The overall campaign should garner funding and attract global investors, have a new respect in the marketplace, create buzz in anticipation of the opening and create demand for bookings to the new hotel.

The ad campaign must promote the new hotel as an exotic destination for travelers while being associated with the chosen hotel chain, either real or fake. The hotel's name and logo must be featured, headlines and/or taglines must be consistent in branding and design.
