Learning Places Fall 2018

SITE REPORT #1B

FURTHER RESEARCH

Choose and revise one of your questions for further research from part 1A of this report.

Revised Research Question:

1. **Under what zoning district does the Oculus and Zuccotti Park belong to? Is there any specific regulations?**

Find a book, government document, or newspaper article that could help you answer your question.

MLA Citation for Book, Government Document, or news article:

"ZOLA, NYC's Zoning and Land Use Map." NYC Planning,https://zola.planning.nyc.gov

Why did you select this source? How does it address all or part of your research question?

I choose this government website(ZOLA) as my source because, it will provide me with the zoning district information that "Oculus and Zuccotti Park" belong to. This website will not only offer zoning district information but, much more information related to the sites mentioned before and how NYC allowed the construction of these spaces. On the other hand, this website is such a great help for further research about the topic. Not only provides information about zoning but, historic districts, landmarks,waterfront access,park and many more topics related to NYC planning.

Describe the process you used to find this source including any keywords and the search engine or tool you used to search.

This is the website we use on a regular basis on architecture classes. Professors introduced us this source as a way to help us locate our designated site and make use of the information provided for future designs.

This is such a great source of information,that will allow us to design and explain a concept better.

What other sources or further information would you need to answer your question? Where would you look for them?

There many government websites related to NYC planning, that will help me on my research such as;

https://www1.nyc.gov/site/planning/

https://communityprofiles.planning.nyc.gov/

I will also consider some textbooks and my architectural professors.
