CLASS NOTE

Get access to open lab

Search for psy 3405 Health psychology syllabus section D931

Blackboard will have all the three quizzes, so make sure you can get on.

Notes: there will be student notes and professor notes.

General discussion: respond on open lab.

Papers: there will be three papers for this class:

1. Due around week 8th. A reflection on I'm positive game
 2. Due on week 9th. A reflection on Race. Five pages paper. The power of an illusion
 3. Due on week 12th. A two page paper reflection on the live well program
- No late papers
 - It is all about critical thinking, no proper citation, no direct quotes- all your thoughts.
 - No cheat, no plagiarize.

Print the course outline page.

{Home work: set up an open lab account and read class policies, then add some new policies, or expend on. Write it on their} Due before next class

Live well into is also on open lab.

- Complete section 1 by February 19th
- A three weeks period must pass between sections, very important to keep on schedule. If you are late for one section you will be late for all the other sections. That can really throw you're your grade.
- Print out the complete certificate.

Set up an YouTube account

- Next week you will video tape someone doing a task. (make sure before the recording that you have that person consent which mean they are agree to do it)
