

To whom it may concern:

I am writing on behalf of Arambegim (Nanish) Nazrisho with highest recommendation for your consideration. Nanish volunteered with our department, Post Anesthesia Recovery Unit- C2, at New York University Hospital for Joint Deceases, for six months.

During her six months stint, Nanish was a reliable, dependable, and responsible volunteer who never missed a shift. Ever prompt, she came to work just as readily as our paid nurses. Her cheerful demeanor brightened the faces of not only the patients but the hospital staff as well.

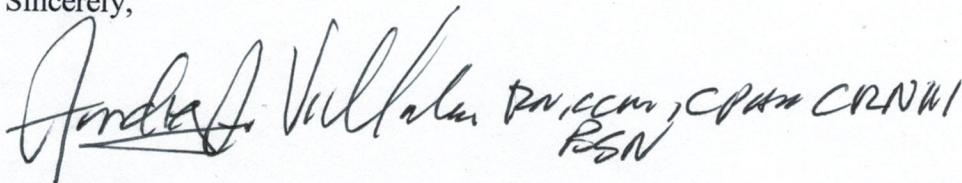

Throughout her volunteering I learned that Ms. Nazrisho is a Registered Nurse and while she was not able to demonstrate her capabilities as a nurse, she possessed a very good knowledge in nursing through our conversations.

Nanish is enthusiastic, responsible and committed person. Eager and ready to learn, open to suggestions for improvements and willing to try various approaches to better herself as a professional.

Nanish was an asset to the PACU-C2 during her volunteer period and an absolute delight to work with. Ms. Nazrisho is now returning to school to continue her studies in advance nursing and will no longer be with us at NYU Hospital for Joint Deceases. Although we will miss her, we wish her all the best in her future endeavors.

She is a hard worker with a compassionate heart. I cannot recommend her highly enough to you. She is a definite asset to any employer of an organization.

Sincerely,

Andres Villaluna BSN, CCRN, CPAN, CRNWI
