

WK1/DAY .01

ARCH 2431 BUILDING TECH III

ACTIVITY: Perspective and Isometric Details – *What do you see?*

In Class Activity: Working from a section perspective detail or isometric detail – ask the students what they see?

A good first activity and warmup. Generate discussion and questions and sketch on the board to provide additional understanding of the details. For this specific exercise three details are provided for consideration:

- *Section Perspective, Isometric Curtain Wall & Roof Detail @Gutter.*

Suggested Format

- Group the students together and conduct a class activity.
