

FINAL PRESENTATION

The final presentation for 1110/1191 will take place on Wednesday, December 17, beginning at 2:30 in Room V817. Each student is to prepare her or his portfolio according to the guidelines set by Professor Alfonso.

Below is a list of all the projects you have done this semester for 1110. Adjacent to it is the weighted value of each project. By submitting a project you will receive $\frac{1}{2}$ of the total possible points (5 in most cases). For example if you submit Clay Model No. 1 you will receive 5 points automatically (50% total). The balance of the total (50%) will be allocated as follows:

- 20% Completeness
- 10% Followed Directions
- 20% Presentation in Portfolio

Needless to say, the easiest way to lose points is to not turn anything in. Hence it is to your benefit to submit all your projects.

	POINTS
Assignment 1a:	
Clay Model 1	10
Clay Model 2	10
Clay model 3	10
Assignment 1b	
Axonometric – Line drawing	10
