

FAMILY COLLAGE

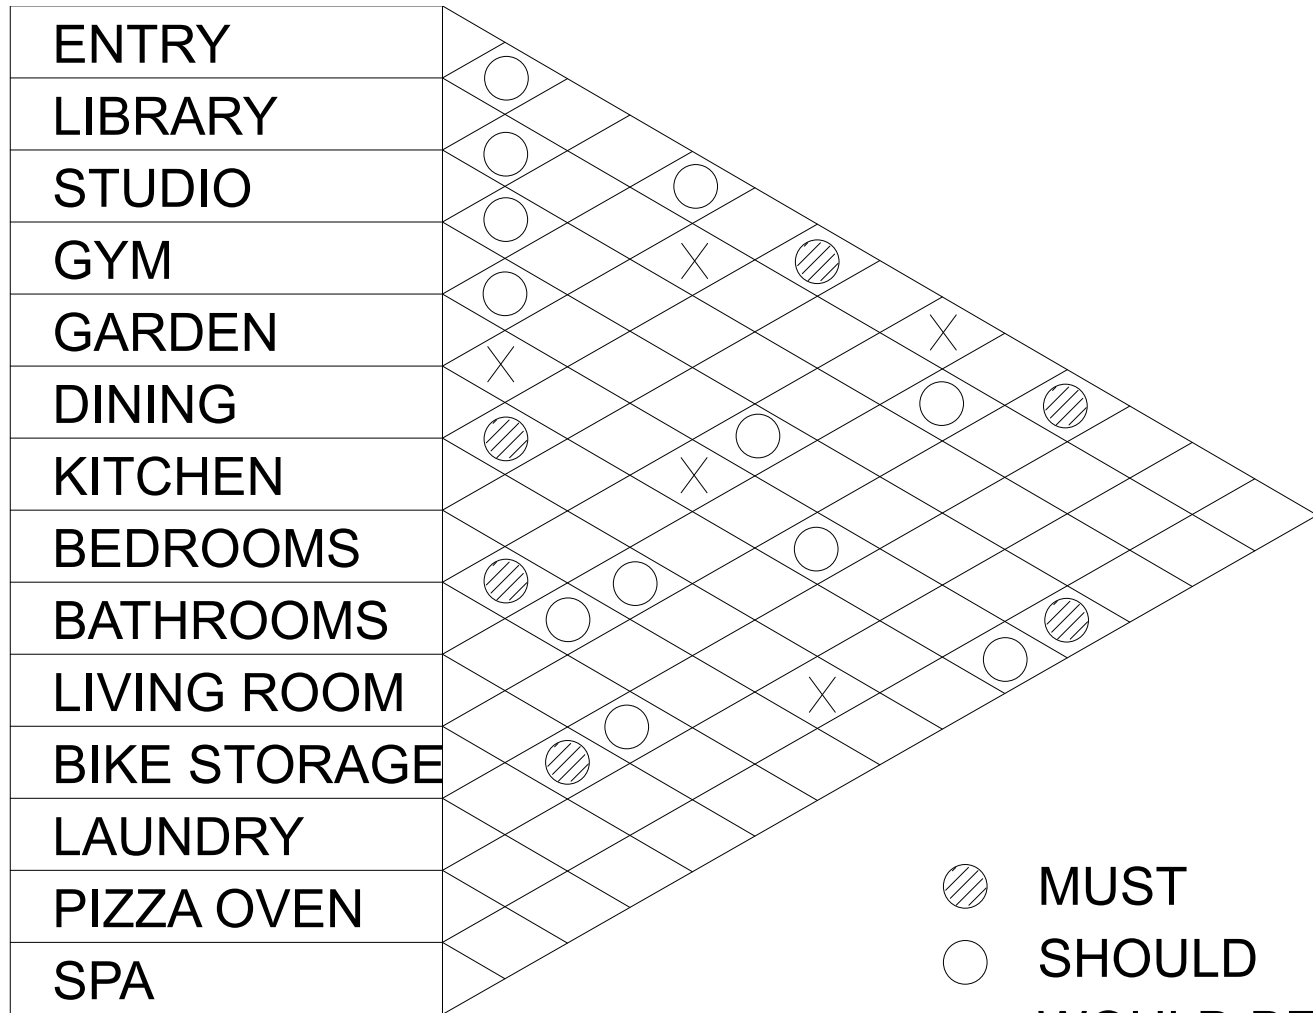

The mother is a ballet dancer and artist, she teaches at the Mark Morris Dance School in Fort Greene. The father is a Trapeze artist from France, a music and film lover; he teaches trapeze at the Chelsea Piers and sometimes goes on tour. They have two children, a 7 year old boy and a 1 year old girl. The family doesn't own a car, but they do ride bicycles and take public transportation. They would like to have a little garden but since they travel a lot, but nothing too high maintenance. They really want to have a home gym, with a ballet bar and trapeze and double height ceilings.
