

Junior Architect

PBDW Architects – New York, NY

PBDW Architects, a design-oriented, award-winning mid-sized firm in New York City, seeks a full-time Junior Architect to join our team. Our practice spans a wide range of project types including educational, cultural, commercial, and residential and is equally distributed between new construction and design in historic contexts. PBDW provides a collaborative and supportive environment for individuals to excel professionally, offering mentorship and encouraging initiative and growth. We believe in a healthy work-life balance, and we continually strive for an equitable office culture.

Job Description

- Assist in conducting initial project research, site visits and/or minor surveying.
- Complete design drawings from SD through CA utilizing REVIT software under the direction of the Project Architect and Project Manager.
- Communicate and coordinate with consultants and contractors.
- Prepare design presentation drawings or 3D models.
- Research building materials.
- Assist PM or PA in project management and construction administration tasks.
- Interact with clients, consultants, and all team members to meet project demands and deadlines.

Qualifications

- Bachelor's degree or higher in Architecture.
- 2-5 years of professional experience in US Architecture firms.
- Proficiency in REVIT & AutoCAD preferred.
- Experience in design and construction document preparation and field observation.
- The ability to work as part of team as well as independently in a collaborative, deadline-driven environment.
- English language proficiency required, both spoken and written
- Legal US work status required.

Benefits: The firm offers a flexible, supportive working environment and a full benefits package including health insurance, dental and vision insurance, 401(k) retirement plan and paid vacation.

PBDW Architects is an equal opportunity employer
