Eligibility Requirements

To participate in the Autodesk Education Community, you must agree to and comply with the applicable Terms of Use and also satisfy the following eligibility requirements. You must be one of the following: (a) a faculty member; or (b) a student; or (c) an Autodesk Assistance Program participant.

A faculty member is an employee of a primary or secondary educational institution or any degree-granting or certificate-granting educational institution in any learning, teaching or training facilities and who upon request by Autodesk is able to provide proof of such status.

A student is an individual enrolled at a recognized degree-granting or certificate-granting educational institution for three (3) or more credit hours in a degree-granting or certificate-granting educational program or in a nine (9) month or longer certificate program, and upon request by Autodesk is able to provide proof of such enrollment.

An Autodesk Assistance Program participant is either a veteran or unemployed individual who has (a) previously worked in the architecture, engineering, design or manufacturing industries, has completed the online registration for the Autodesk Assistance Program, and upon request by Autodesk is able to provide proof of eligibility for that program.
