To Whom it May Concern:

Please allow this letter to serve as a reference for Adia Titus - Business and Technology in Fashion student. I have known Adia for over two years and have had the opportunity to work with her in many capacities. Adia has been a five star employee of mine through all these years by working effectively within the H&M team. She is always available everytime we need her and is open to take constructive feedback from management.

Adia has great communication skills and I have absolute confidence in her ability to be great in anything that she puts her mind to. Adia is a bright, honest and strong woman who is not afraid to have fun and work at the same time.

Adia is detailed when it comes to organization and is able to place things in order in a fast-paced manner which is important when working in retail.

I am elated to recommend Adia for any future employment opportunities, as she has what it takes to make this experience one of the best with her professionalism and her eagerness to learn.

Thank you for your time and consideration.

Sincerely,

Juana Familia
