## **COURSE POLICIES & PROCEDURES:**

### **ATTENDANCE:**

Class attendance is part of course participation. Although students are graded on academic achievement and performance rather than on attendance per se, there are several in class activities, assignments, and quizzes that are completed and handed in during scheduled class times. These assignments are required and contribute to the final course grade.

Please be sure to login on ZOOM with camera ability to assure student visibility for online class.

**Should a student be absent more than two days of a course, one must bring in documentation of the day and time of absence on official letterhead the very next class session otherwise excused absence is not valid.**

*Students who are not present in class on the days of assignments will **NOT** be given the opportunity to make-up these activities unless recognized by CUNY-City Tech along with professional documentation.*

**It is *strongly recommended* that a student's personal appointments be scheduled at other than class times (*this includes job interviews and medical appointments*).**

**If you are absent when an assignment is due, you are responsible for having the assignment turned in during the class period. If you are absent from class, you are responsible for the material covered. *This means you must get the missed work and you are responsible to get the material by contacting your peers.***

**In a case of an emergency, you may e-mail your assignment / submit assignments early but it must be prior the start time of the class to get full credit. Documentation of the emergency on professional letterhead will be expected the very next class period.**

**In addition to class attendance, it is also expected that students will complete readings and homework as assigned and participate in class discussions to the extent that it is possible in a class setting. Participation is important in this course.** When students' share their thoughts and experiences, class concepts become concrete in their minds as well as in the minds of other students. It is the sharing of our experiences that helps us to learn from each other as well as about each other. Members of this classroom will practice inclusively. We will listen to one another's views with respect regardless of race, gender, sexual orientation, or disability.

### **PARTICIPATION:**

Your success in this class depends on your willingness to put effort into your work. ***You are expected to participate in all large and small group activities, exercises and discussions.*** Participation will help you understand the subject matter and will be considered when determining your final grade. **Participation is 10% of your final grade.** Coming to class is participation along with class discussions.

*Participation involves:*

- **Active Learning.** Taking notes, asking questions and taking responsibility for your own learning.
- **Working with others in group activities:** A chain is only as strong as its weakest link. Don't drag your team down by refusing to get involved.
- **Attending class regularly.** If you aren't here, you can't learn.

### ***Student Conduct Policy:***

**Loud, disruptive or inappropriate behavior is not permitted and will not be tolerated.** Definition of such behavior is the sole judgment of the instructor. This will include, but is not limited to:

1. Use of or interruption by any electronic device, especially cell phones. *Please put electronic devices away during class, even online.*
2. *Talking amongst students* or comments that are made to distract from the class.
3. Disrespectful comments to or about anyone or any group of people.
4. Food shall be permitted in the class unless it becomes a disruption to the classroom.
5. ***Do not attempt to discuss grades before, during or after class hours. Please make an office/zoom appointment for these discussions.***
6. All rules of conduct in the Student Handbook apply.

### ***Special Request:***

As Fashion Marketing students and instructors we should be proud and stand out in a crowd. Unfortunately not all fashions are tasteful. Please hold yourself to a higher standard.

### **ELECTRONIC DEVICES:**

Many people in our society have not yet learned professional, considerate, behavior regarding electronic devices. Turn off all cellular telephones, beepers, wrist watch alarms, etc. before you enter class. If you use a computer, please sit in the two front rows of the class. **If your electronic device audibly activates during class or you are found on a social media site such as Facebook or Twitter or a shopping website while in class lecture, you will be deducted 5 points from your final grade each time.** If you are expecting a life and death announcement from an immediate family member—brother/sister/parent/spouse/child — please notify me *before* class of that situation.

### **ACADEMIC INTEGRITY POLICY:**

The value of an institution of higher education is dependent upon its ability to maintain the integrity of its academic environment. Academic dishonesty cannot and will not be tolerated at Berkeley College. Berkeley College is committed to supporting its mission to provide an educational experience designed to develop professional competencies including developing habits of personal and professional integrity. The College expects all members of its community - - students, faculty and staff - - to act honestly in all situations.

"Academic Dishonesty is any form of cheating and plagiarism which results in students giving or receiving unauthorized assistance in an academic assignment or receiving credit for work which is not their own."

**All students are expected to agree to a pledge of honesty concerning their academic work, and faculty is expected to maintain the standards of that code.**

Academic misconduct is defined as any act that violates the rights of another student with respect to academic work or involves misrepresentation of a student's own work. Academic misconduct includes but is not limited to: cheating on assignments, quizzes, or examinations, plagiarizing pieces of work, depriving others of necessary course work, and sabotaging another's work.

- ❖ **Academic dishonesty on exams, quizzes, or any other graded assignment will result in a zero for that graded activity or assignment.**
- ❖ **Academic dishonesty includes use of any unauthorized assistance in taking quizzes, tests, or exams; dependence upon the aid of sources beyond those authorized by the instructor, or the acquisition of tests or other material belonging to a faculty member.**
- ❖ **Plagiarism includes the paraphrase or direct quotation of published or unpublished works without full and clear acknowledgment of the author/source.**
- ❖ **Academic dishonesty will bring about disciplinary action, which may include expulsion from the university. This is explained in the College's online handbook.**

*"Academic dishonesty (is any) form of cheating and plagiarism which result in students giving or receiving unauthorized assistance in an academic exercise or receiving credit for work which is not their own."* (Kibler et. al. (1988), *Academic integrity and student development: Legal issues and policy perspectives*, Ashville, NC: College Administration Publications, Inc., p. 1.) All students are expected to agree to a pledge of honesty concerning their academic work, and faculty are expected to maintain the standards of that pledge.

### **INFORMATION (TECHNOLOGY) LITERACY STATEMENT**

Information Literacy is a valuable set of skills that empowers students to become agile information seekers who adapt to changing modes of information delivery and are selective, critical, ethical users of information in all formats. These skills are embedded within course work throughout academic programs.

### **QUIZZES, EXAMINATIONS, AND GRADING:**

In-class learning assignments are given and completed during class time. These are *unscheduled* but occur frequently. In-class assignments may consist of group activities, short reaction papers and so forth. QUIZZES are in the format of problem solving questions and given at the start of the class.

Should you arrive late on that day/ online, you risk missing the quiz. **There are no make-ups on quizzes.** Students who miss any quiz for reasons that are recognized by CUNY-Citytech (e.g., documented family emergencies, documented illness and the like) *need to contact the instructor prior to missing the quiz.*

There are two exams/essays scheduled during the quarter which includes a **comprehensive midterm** and a **final exam** which will be given during final exam week. **There are no make-up exams.** A student who is unable to take the exam at the scheduled time will result in a **0** on that exam unless absence is recognized by City Tech policy. The mid-term and final exams are worth 100 points each. The midterm exam is scheduled for \_\_\_\_\_ and the final exam is scheduled for \_\_\_\_\_. The date for the final **will not** be changed.

**ASSIGNMENTS/ NO LATE WORK POLICY:**

Assignments and projects are due at the *beginning of class on the front desk as scheduled/SAFEASSIGN*. **NO LATE work will be accepted.** Assignments placed under the professor's door will *not* be accepted. Written work must be **word processed/typed** on standard size 8 1/2" by 11" paper in black ink in **Times New Roman font**. **All names must be typed on assignments to be accepted. Please plan accordingly for all your assignment due dates so all students are evaluated fairly within the same time constraints.**

**Please do not send me work if you are running late. It must constitute an emergency.**

**Process for Evaluation of Course Work:**

### **ACADEMIC WRITING CENTER (AG-18)/Online:**

Any student needing help will find an array of services such as study skills training; support for reading and writing skills; and assistance with mathematics, oral communication and computer applications. Both peer and faculty tutors are available for assistance. The Academic Support Center offers academic assistance to all students through the use of services including tutoring, workshops and access to computer-based programs. For further information, please visit the Academic Support Center on campus and on Blackboard.

All term papers must be seen by ASC prior submission. Please have the appointment slip with edits attached to final submission of paper. ***You are to edit your own paper once edited by ASC.***

### **SAFEASSIGN AS A LEARNING TOOL**

**SafeAssign** helps prevent plagiarism by providing both the student and the professor a feedback report that compares any student work submitted through the software with a comprehensive database of books, journals, websites and papers written by other students. Some of the writing assignments in this course will use Blackboard's **SafeAssign** software to help students improve their skill at paraphrasing statements contained in research on a topic and to help increase awareness of the proper use of citation when a student writes a paper using ideas or statements taken from a research source.

For any assignment requiring research and/or requiring more than two pages of writing, students will be expected to submit that assignment through **SafeAssign** in Blackboard, following the submission guidelines given with the assignment instructions. Prior to submitting a final draft of an assignment, students will have the opportunity to submit several drafts of that assignment to **SafeAssign** in order to get sufficient feedback from **SafeAssign** reports to help minimize the risk of plagiarism.

- ❖ **If the assignment continues to have evidence of plagiarism (no APA) in the final draft of the assignment, the professor will file a report to the Department Chair documenting the use of the paper as an action of academic dishonesty.**
- ❖ **If a student fails to submit an assignment to SafeAssign, the professor will assign a grade of zero for that assignment.**
- ❖ **Please understand there are time limitations that must be met. Do not e-mail the professor that SAFEASSIGN was not accepting papers after submission time-out. It is then considered LATE, and NO LATE work is accepted.**
- ❖ **By submitting a paper to SafeAssign, that paper will become source material included in the SafeAssign database.**

### **GRADES:**

Grading and add/drop policies are in accordance with University policies. Students need to submit assignments *on or before the due date*.

Grades are assigned based on total points earned in the course. The total number of points a student earns is divided by the total number of possible points. The total possible points are 500. Two

hundred points can be earned through examinations and 100 points through quizzes. A student's score is converted into a percentage and grade will be assigned using the scale listed below. *Excessive absence/lateness can affect grade average by lowering it by 10%.*

**Course Evaluation**

Midterm Exam	50 points
Midterm Essay (Rosen)	100 points
International Palette Paper	150 points
Foreign Film Paper	100 points

A student's score is converted into a percentage and grade will be assigned using the scale listed below. *Excessive absence/lateness can affect grade average by lowering it by 10%.*

**CREDIT HOUR HOMEWORK ASSIGNMENT POLICY:**

Course work performed outside of the classroom (such as reading, studying, writing papers, doing projects or receiving tutoring) is critical to academic success. **While the time requirements for individual students may vary somewhat, a general rule of thumb is that students should spend about two hours outside the classroom for every hour required in it.**

**E-PORTFOLIOS/OPEN LAB:**

CUNY-College of Technology asks all students to participate in building a program-long ePortfolio of the work that they complete while taking classes at the College. Through a process of *collect, select, reflect, and connect*, students learn to judge the quality of their own work, speak about their learning, and present evidence of their current knowledge and skills. College faculty will assist with this process by recommending that you store at least one significant piece of work from each course in your Blackboard content collection. For more information, see the "**ePortfolios at CUNY-College Technology**" organization in Blackboard.

**MIDTERM REPORTS:**

At the end of Week all students will be notified through their CUNY- College of Technology e-mail accounts and/or posted on Blackboard about their progress in this course.

**COMPLIANCE WITH AMERICAN DISABILITIES ACT:**

Any student who seeks a reasonable accommodation of a disability with respect to an academic matter should obtain a CUNY Citytech College Request for Accommodation of Disability Form, as soon as the need becomes apparent, from one of the ADA Coordinators. The ADA Coordinators can be reached in person or by phone at:

Room A-237 Student Support Services.

*The following is a schedule of topics that will guide the course. How much time is spent on each topic will depend on student's interest and involvement therefore, students will need to be flexible in terms of timing their reading of the assigned materials.*

**Credit hour Assignment Policy** -Assigned homework such as reading course chapters, preparing the Swatch Kit which will be used as a reference guide for your term paper, daily current events, and writing assignments that will assist you to build a strong, thorough research paper is expected to take up to 6-7 hours weekly.
