New Graduate Nurse Residency Program at Maimonides Medical Center
New York City College of Technology

To Whom It May Concern:

I am pleased to write a letter of reference for Ms. Angela Wilson who is applying for the WDI-funded New graduate nurse residency program at Maimonides Medical Center. Ms. Wilson was a student in my Nursing Research class at NYCCT in Fall, 2011. Ms. Wilson earned a grade of A- in the course. Ms. Wilson was a quiet but strong presence in the class. She was attentive to detail and was motivated to do well. Ms. Wilson could be counted on to participate in the class and to take risks. She did not shy away from asking questions and she communicated well with peers. Ms. Wilson's overall GPA to date is 3.812, demonstrating her strong desire to achieve.

On a personal level, Ms. Wilson is thorough, studious and can be counted on to follow through on what is expected of her. Should she be chosen for the residency program, I feel Ms. Wilson will distinguish herself as a caring professional of high standards. MMC administrators will no doubt be pleased to have her as part of their community.

Sincerely,

Theresa Keane

Dear Committee Members,

I am writing this reference letter on behalf of Ms. Angela Wilson. I know Ms Angela Wilson as a student in my Elementary Sociology course where she earned an A final grade. I consider Ms. Wilson to be to be a studious and responsible member of our college community. As my student she has challenged herself academically, was an active participant in class discussions, and seemed to grasps subject material quickly. Based on Angeles's grades, attendance and class participation, I'd rate her academic performance in my class as superior.

In my opinion, Angel's unwavering devotion to her academic career exemplifies strong moral fiber and strong character which would make her an excellent candidate for the New Graduate Nurse Residency Program.

Sincerely,
