Happy birthday Kokonut! May your life continue to be enriched with love, opportunity, and great adventures.

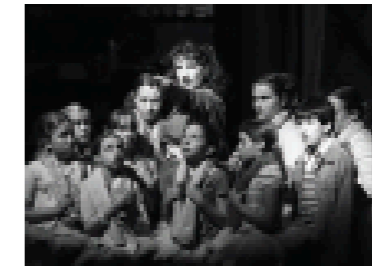

There has never been a doubt in my mind that you were destined for greatness.

MICHAEL KOHL

Being Alex Ko's childhood dance teacher is one of my greatest achievements professionally. I am blessed to say I have known Alex his entire life. I am Alex's real "Mrs. Wilkinson". When Alex began dancing I was amazed at what he could accomplish at such a young age. We have been like family for over 20 years. Thank you for continuing to allow me to be a part of your life. We all danced together for many years and I am honored to be here for this special occasion.
