Biology Open Education Resources

[OER @ City Tech Biology](#)

Open educational resources (OER) are free and (re)distributable teaching materials. This site is a sponsored by the [Ursula Schwerin Library](#) to select and curate resources for use in General Biology 1. This was extended to include [Molecular & Cell Biology](#) through the U.S. Department of Education Title V Grant, "[A Living Lab](#)". In the spirit of remixing and redistribution, the entire WordPress site can be downloaded from GitHub as well as customized imagery (<https://github.com/jeremyseto/bio-oer>).

Table of Contents

The NYCCT General Biology 1 Lab will follow the sequence below:

WEEK EXERCISE

- I
- [Microscope](#) : Basics
 - [Scientific Method](#)
 - [Reporting in Science](#)

II
