

YARN---Assignment 2

Products:

Spring Overcoat

Fiber content: cotton

Level of twist: low

Single or plied yarn: single

Recommendation: wool

Explanation: the overcoat that I'm describing has a loose shape and isn't meant to be used in very cold temperatures, single yarn so the fabric is thin.

Decorative Throw Pillow

Fiber content: 100% wool

Level of twist: low

Single or plied yarn: plied

Recommendation: probably velvet

Explanation: my idea for a decorative throw pillow was a knitted type of design, low level of twist and plied yarn to make it more comfortable, fluffy, and soft.

Flowing Ball Gown

Fiber content: silk and chiffon

Level of twist: high

Single or plied yarn: single

Recommendation: satin

Explanation: the fiber content is perfect to make a sophisticated flowing ball gown dress, high twist to create volume on the shape of the dress.

Tailored Suit Jacket

Fiber content: linen

Level of twist: high

Single or plied yarn: plied

Recommendation: cashmere

Explanation: the fabric and the high level of twist just so that the jacket can keep its shape, plied yarn to make it more thick.

Hiking Pants

Fiber content: Nylon and spandex

Level of twist: high

Single or plied yarn: single

Recommendation: polyester

Explanation: fabric has to be stretchable to adjust to the person's body and thinner enough to not suffocate the person while doing the exercise.
