Job Description

Mission Statement

- Consolidated Edison Company of New York, Inc. (Con Edison), Orange & Rockland Utilities (O&R), and Consolidated Edison Transmission (CET) employees are required to follow health, safety, and environmental policies, EEO, Standards of Business Conduct, and all other applicable company policy and procedures. We all share a responsibility to advance the company's mission by excelling at our three corporate priorities – safety of our people and the public, operational excellence in all that we do, and ensuring the best possible customer experience.

Core Responsibilities

- Must be interested in qualifying as a Operating Mechanic A at a Steam Generating Station, as well as all field operating posts.
- Must have the ability to operate equipment, perform work involving steam production, work with steam generating boilers, boiler feed pumps and fans, turbine-generators, related auxiliary equipment, water treatment systems, and fuel delivery systems.
- Knowledge and skill are required in, but not limited to, the use of hand and power tools, the operation and monitoring of equipment, and the application of safe work practices.

- Must successfully complete written test, interview and DOT/PHMSA Medical Exam.

Required Education/Experience

- High School Diploma/GED

Relevant Work Experience

- The successful candidate must be able to learn to read blue prints and sketches and be able to demonstrate good oral and written communications skills. Required
- Prior demonstrated experience in operations, general construction, control systems, mechanical work and/or electrical work. Preferred

Licenses & Certifications

- Driver's License Required

Physical Demands

- Must respond to system emergencies
- Must work at field locations in all weather conditions
- Must perform heavy manual labor; i.e. pushing, pulling, and lifting up to 50 pounds
- Must carry tools and materials, climb ladders and scaffolds, and enter confined spaces
- Must work in inclement weather and adverse conditions (i.e., excessive heat, cold, noise, confined spaces)
- Must work with and in the vicinity of high voltage and/or other high-energy systems
- Must be approved and able to wear either a full- or half-face respirator without facial hair or other condition that may interfere with the seal, in accordance with OSHA regulations.
- Must stand, walk, and climb ladder and stairs for a whole shift
- Must walk, stand, lift, climb, bend, kneel, stoop, and/or reach

- Must use hand tools and operate heavy equipment, i.e. jackhammers
- Must wear all necessary personal Protective Equipment (PPE), including; fire retardant clothing and safety harness
- Must work with equipment with manufacturer weight rating of 350 lbs.
- Must be able to use equipment with a maximum weight rating of 375 lbs when wearing and/or carrying 25lbs of clothing and equipment.

Technical Difficulty Statement

- For technical issues, please contact us at careerconnect@coned.com

Equal Opportunity Employer

- Consolidated Edison Company of New York, Inc. (Con Edison), Orange & Rockland Utilities (O&R), and Consolidated Edison Transmission (CET) are equal opportunity employers. All qualified applicants will receive consideration for employment and will not be discriminated against on the basis of the individual's actual or perceived disability, protected veteran status, race, color, creed, religion, sex, age, national origin, gender, gender identity, gender expression, genetic information, marital status, sexual orientation, citizenship, domestic violence victim status, or any other actual or perceived status protected by law.
