<b>Brief Description of Proposal</b> (Describe the modifications contained within this proposal in a succinct summary. More detailed content will be provided in the proposal body.)	<p>We have revised our program goals in several notable ways:</p> <p>First, we have combined certain goals that overlapped, reducing total from six to four.</p> <p>In addition, we have replaced certain lower order thinking skills with higher order, such as:</p> <ul style="list-style-type: none"> <li>• “<u>Relate</u> the evolving role, responsibilities, and ethical obligations of paralegals/legal assistants to the delivery of legal services ...” in place of “<u>Describe</u> the evolving role... in the delivery of legal services...”</li> <li>• “<u>Analyze</u> the American legal system ...” rather than “<u>Explain</u> the basic principles...”</li> <li>• “<u>Locate</u>, <u>analyze</u>, and <u>integrate</u> print and electronic sources of law” instead of “<u>Locate</u>, <u>read</u>, <u>evaluate</u> and <u>analyze</u> print and electronic sources of law...”</li> <li>• “<u>Discern</u> the special and complex issues involved in advocacy and litigation...” in place of “<u>Recognize and appreciate</u> special and complex issues...”</li> </ul> <p>Further, we have endeavored to align the goals more closely with the NYCCT mission and General Education Learning Outcomes. For example:</p> <ul style="list-style-type: none"> <li>• “Analyze the American legal system and the principles and procedures that apply to legal questions, including a focus on New York jurisprudence” requires court knowledge, which is an <u>applied skill</u>, facilitates</li> </ul>

	<p><u>problem-solving</u>, developed through <u>place-based learning</u> (all elements of the NYCCT mission), and imbues <u>civic knowledge</u>, among other Gen Ed outcomes.</p> <ul style="list-style-type: none"> <li>• “Discern the special and complex issues involved in advocacy and litigation and relate them to representation of clients” requires <u>inclusion, respect, and open-mindedness</u> that are nurtured by the City Tech community (NYCCT mission), and require Gen Ed skills of <u>inquiry and analysis</u>, and <u>intercultural knowledge and competency</u>.</li> </ul>
<p><b>Brief Rationale for Proposal</b> (Provide a concise summary of why this proposed change is important to the department. More detailed content will be provided in the proposal body).</p>	<p>These proposed revised program goals are more closely aligned with the NYCCT mission and educational goals, and General Education Learning Outcomes. Further, they reflect more advanced approaches to learning taxonomies, and promote higher level thinking skills. In addition, they are measurable by an ongoing systematic assessment process and can be used for continual program improvement, thus they will render the assessment processes required for periodic reapproval by our program’s accrediting body, the American Bar Association (ABA), more effective and efficient. Finally, these revised goals bring our program more closely in line with ABA Guideline G-201 which requires: “The program must have clearly defined measurable goals and explicit objectives stated in terms of the educational results to be achieved. ... These goals must reflect:</p> <ol style="list-style-type: none"> <li>1. Consistency with the general principles of ethical legal practice as promulgated by appropriate authorities in the relevant jurisdiction.</li> <li>2. Responsiveness to the needs of the constituency that the program seeks to serve, and a recognition that the program should qualify the graduates to contribute to the advancement of the paralegal profession.</li> <li>3. Sensitivity to emerging concepts of the role of the paralegal in the effective delivery of legal services in both the private and public sectors.”</li> </ol>
