

SUMMER 2019

FREE

MATH PREPARATORY WORKSHOPS

The Preparatory Workshops provide students with a preview of select mathematics concepts prior to taking the course. These workshops are free to all City Tech students. Students must be committed to attend all three days. Enrollment is limited to 40 students per workshop.

Students can register themselves through CUNYfirst (search "WKSHP" in Summer 2019)
Questions may be directed to Prof. Janet Liou-Mark
jliou-mark@citytech.cuny.edu

AUGUST 20, 21, 22 2019
9:30 AM - 1:30 PM NAMM 523

INTRODUCTION TO PRECALCULUS

WKSHP1375/ SECTION 4U88

PREPARATION FOR MAT1375
This workshop will provide an overview on polynomial, exponential, logarithmic, and trigonometric functions.

INTRODUCTION TO CALCULUS 1

WKSHP1475/ SECTION 4U90

PREPARATION FOR MAT1475
This workshop will cover the concepts of limits, continuity, and derivatives.

INTRODUCTION TO CALCULUS 2

WKSHP1575/ SECTION 4U92

PREPARATION FOR MAT1575
This workshop will cover various integration techniques and volume.

AUGUST 20, 21, 22 2019
2:00 PM - 6:00 PM NAMM 519

INTRODUCTION TO QUANTITATIVE REASONING

WKSHP1190/ SECTION 4U82

PREPARATION FOR MAT1190
This workshop will provide an overview on linear equations and inequalities, system of equations, probability, and statistics.

INTRODUCTION TO TRIGONOMETRY

WKSHP1275/ SECTION 4U86

PREPARATION FOR MAT1275
This workshop will cover terminology associated with angles and triangles, evaluate trigonometric functions, solve trigonometric equations, and prove identities.

INTRODUCTION TO TRIGONOMETRY-CO

WKSHP1275/ SECTION 4UC4

PREPARATION FOR MAT1275CO
This workshop will cover fundamental algebraic concepts and basic trigonometry.

REGISTRATION DEADLINE AUG 15, 2019
