

Pet Peeve

Line Merriam-Webster.com definition- a pet peeve as a frequent subject of complaint

slow internet

Inpatients and annoyance occurs because of the slow delays in internet. Wifi/internet is the most essential daily use every day, and without it so much can go wrong. 90 missed calls, 50 messages unread, late assignments, transportation delays, etc. Furious and irritation rises in ourselves because of the delays in receiving a wireless connection from our router. Overall it's the most annoying part when it comes to this situation because it affects your time a lot.
