Dear Campus 2 Career Internship Program,

It is with great enthusiasm that I submit my application for the position as a Creative Services Intern for NBCUniversal. I discovered this internship opportunity on indeed.com, and my experience in graphic design makes me an ideal candidate for this role.

I am pursuing a Bachelors degree of Technology in Communication Design Management at New York City College of Technology, CUNY. My experience at Kenneth Cole Productions and Hip Hop Closet, an online clothing boutique, as a Graphic Design Intern required me to balance creative tasks with project management. I then went on to develop campaign concepts with creative direction and advertising strategies to better engage their target audience through social media outlets such as Facebook, Twitter and Instagram.

My time management skills and problem-solving attitude are my strongest contributions as a creative services intern. Joining the NBCUniversal team and working towards furthering one of the world's leading media and entertainment companies objectives is very exciting to me. I look forward to hearing from you to schedule an interview. In the meantime, please contact me at the above phone number or email address if you would like additional information or a recommendation from my professors.

Sincerely,

Venezia Moorer
