

I chose the Kind Box setup for the Lipton design.

Lipton is a proud national sponsor of American Heart Association's Life is Why program\* that inspires people to live healthier, longer lives. Lipton is working with the Association to help raise awareness on the impact of diet and lifestyle on heart health, including the benefits of drinking unsweetened brewed tea.

Learn more about the sponsorship here. (<https://www.lipton.com/us/en/home.html>)

If you can choose to be kind to your body with a Dark Chocolate Nuts & Sea Salt KIND bar made with heart-healthy almonds, imagine what other kind choices you can make. When we start by doing something small, we have the power to change the world. KIND
