

Brooklyn based Design/Integrated Marketing Agency seeks a motivated, enthusiastic and hungry to learn intern. Our goal at THE VYATER GROUP is to provide support to our clients in any form required. We strive to not only be a service provider but to work with them as their business partner. Our client base has been built on referrals from other satisfied clients, and we take customer satisfaction very seriously. No job is too big or too small.

Position:
Design Internship

Responsibilities:

INTERN for of all things graphic, for web, print and conceptual design. Work at a growing company with an impressive client list, where room to grow and develop your skills is only limited to the time and work you put into it. You will be working with a team of designers and directly with the Founder and Creative Marketing Director. This is a small operation with projects ranging from Brand Identity to print to web to packaging to strategy and pretty much everything in between working with local, national and global brands. This is a great opportunity to get hands-on experience where design and function go hand in hand. You will help with actual design projects, assist in research, brainstorm and development of creative concepts. We have a learning environment, where down time if any, will be dedicated to improving ones skill set.

- 15-20 hours per week preferred.
- A daily stipend will be provided for transportation and lunch.
- We will work with your school for credit earning classes

Requirements:

- Attention to detail and high motivation is essential - The ability to multi-task and work with deadlines is critical - Strong communication and interpersonal skills - Great experience for a self-starter.
 - Must have ability to take strict direction, but also be comfortable with taking an abstract idea and running with it.
 - Turnaround on projects is usually pretty quick so please don't reply if deadlines are something you have trouble with.
 - Must have good knowledge of design principles, have an eye for design and be flexible in your creativity.
 - Knowledge of Adobe Creative Suite is essential
- *Knowledge of standard web languages (html/CSS/JQuery/Javascript/PHP) is plus

*Working within a web platform similar to wordpress/magento/presta or similar is a plus.
