10 Questions (25 pts): <https://goo.gl/forms/XajAQ2Erm5kZVCmp1>

Accept Google Drive Folder Invite

Using the email address I collected on the first day of class, I will send you a link to a private Google Drive folder that only you and I can access. This is where you will submit all of your course work. You must accept access to this folder using a Google email address.

Join Our Class OpenLab Page

All course assignments and readings will be posted to our class OpenLab page. You must use your City Tech email address to join OpenLab and search for our page. There you will find a copy of this page and our first reading.

Read “Why Good Students Do Bad In College”

You will need to read this article before class on Thursday, 8/30. We will be discussing it. You will probably be quizzed. Don't be a self-fulfilling prophesy of failure by not preparing for class.
