

Format guidelines for color inventory

1. Choose album cover
 2. Create proportional or non-proportional color inventory based on this album cover
 3. Use this inventory to create a composition of your choice. Use the design principles that we have learned in class to create a visually resolved composition!
 4. Neatly attach two layers of tracing paper, with your self assessment on the bottom page
- *Tip: look back through your design journal to get inspired about the design principles
