

## Format guidelines for extra credit

**Due Weds 12/17 at the very latest- you may even turn it in earlier. (Absolutely no exceptions!!)**

Create three different compositions in a 7" x 7" square using any of the materials that we have used in class: pencil, marker, gouache, magazine, newspaper, or black paper.

Keep in mind and apply all of the design principles that we have learned about in class.

Composition 1 must clearly express visual hierarchy.

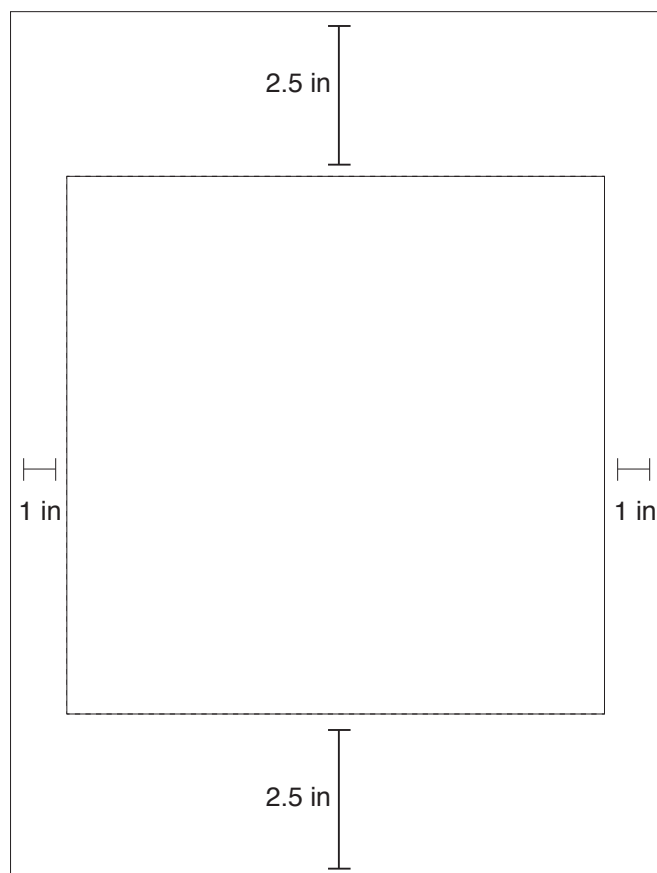

Composition 2 must clearly show rhythm.

Composition 3 must clearly show contrast.

2 layers of tracing paper over each with your self assessment.

**Good craftsmanship is critical!**

Your grade for this project would replace the lowest grade on a project that you received in this semester.

9" x 12" smooth bristol
