

## DEN 1100 – Scavenger Hunt Activity

*In accordance with CODA St. 2-17 Graduates must be competent in providing appropriate support measures for medical emergencies that may be encountered in dental hygiene practice.*

This 30-minute group activity aims to familiarize you with the location of the items that may be needed in case of an emergency or during regular clinic sessions.

**Instructions:** Groups will be assigned by the clinic instructor. Please come up with a cool name for your group, list all the participants, designate one person to record information and one person to capture photos of the listed items.
