LEATHER JACKET – JAPANESE PUNK ROCK

The Punk culture originally emerged from the United States and the United Kingdom in the mid of 1970s, the wide array of this movement includes fashion, music, lifestyle, art, and even literature. Punks are known to be greatly value freedom, loud and aggressive music and fashion that is very awesome and distinct. When it comes to the fashion side, Japanese people had picked up western punk style but they were able to make it distinct as their own. This refers to the ages between 18 years old to 25 years old. Fast past environment is what keeps the young folks alive.
