

The logo that I designed, I decided to use my initials so its the first thing that captivates the eyes of the viewer when they open my eportfolio. I used a circle and type on the circle path my name repetitive times. I used for my type Monotype corsiva Regular and some other vibrant colors to finish my logo. This logo represents me as a person that loves designing and drawing. For the logo banner designing a pencil that shows my passion of drawing and designing with colors.
