### Setting and Characters

I will attempt to shoot the video in our classroom. Samantha (my classmate) has agreed to bring in her Barbie doll for the role of Karan and a male figure for the role of Barry. She also has some accessories that she will bring in. If all goes well, this is where I will be the only setting. After giving it much thought, I have decided to narrate the video. I chose to narrate because I won't have to worry about getting a male voice to read for Barry. I feel that this will be a good way to handle the need. If shooting in the classroom does not work out, I will shoot at another location within the school. I have not determined what software to use and will need guidance.
