

## **Ali K. Jaber**

2710 Heath Avenue Bronx, NY 10463

(917)-689-9797

[Al.jaber@aol.com](mailto:Al.jaber@aol.com)

### **Objective:**

To use the knowledge and skills that I have gained as an electrical engineer graduate to help build and exceed the worlds largest energy company known as Consolidated Edison.

### **Education:**

ASS Electrical Engineering Degree  
Bronx Community College, Bronx, NY  
Grade Point Average: 3.1  
Graduation Date: 12/2014

#### *Related Courses*

- DC Circuit Analysis
- Computer Applications in Technology
- Computer Programming for Engineering Tech
- AC Circuit Analysis
- Electronic Controls
- Electronic Communications
- Digital Systems I

### **Relevant Skills:**

- Able to analyze and build projects off schematics and wiring diagrams.
- Built AC and DC power supply.
- Built and fabrication on an audio amplifier and sensor counter.
- Experienced with digital multimeter, circuit maker, multsim, oscilloscope, programed micro-controllers and function generator.
- I have designed PCB layout, and also have soldering skills.
- The ability to apply practical applications in Excel, Word, PowerPoint and windows operating systems.
- Strong oral and written communication skills with the ability to interact with employees in substation, Corporate EH&S Staff, contractors and various levels of management.
