

Assignment #8

Read and Respond

Read all three of these articles...

- [Physical Computing's Greatest Hits and Misses](#), written by Tom Igoe on his blog
 - Click through to read and view links for projects mentioned throughout (some links are broken)
- [A Day in the Life of Wearable Tech](#), in Time Magazine, written by Gee, Ho, and Raab
- [UX for Wearables and Physical Computing](#), on the Adobe Blog, written by Andrew Smyk

Write a response of **at least 500 words** (max 1000 words), demonstrating that you've read all three articles by **referencing and elaborating on at least one specific example from each article**. Also **reflect on the examples** in relation to your current understanding and interest in physical computing.

Submit your response as a comment to the "**Response to Assignment 8**" post on OpenLab.
