To Whom It May Concern:

I am writing to apply for a position as a teaching assistant. I would like to further develop my teaching skills while creating a challenging and fun learning environment for students. The high school age group is particularly appealing to me, because students are very impressionable, interested in learning, and open to new concepts. I am confident that my interpersonal skills along with my education are well aligned and will be an excellent fit with this position. My goal is to work with a collaborative team of talented individuals and produce work that functionally fulfills the educational needs of children. I believe that the combination of experience, college courses, computer skills, fluency in Spanish and a diligent work ethic make me a well-qualified candidate. I look forward to the opportunity to meet with you and I thank you for your consideration.

I have attached my resume for your perusal and I look forward to speaking with you regarding your available position.

Sincerely,

Elvis Rodriguez
