

April 14, 2016

Dear <Name>:

On behalf of the General Education Committee, we would like to thank you for agreeing to serve as a Departmental Course Coordination Liaison for the next two years beginning Fall 2016 through Spring 2018. Your work as a liaison supports the General Education Course Coordination Working Group's mandate to create and maintain a framework for course coordination throughout the College.

Your leadership effort will support course coordinators as they collaborate with their full- and part-time colleagues in strengthening course learning goals, sharing resources and teaching techniques.

We welcome you and appreciate your willingness to contribute to the success of our students and the College.

Sincerely,

Members, General Education Committee Course Coordination Working Group

Navid Allahverdi-Pur, Construction Management and Civil Engineering Technology
Alexander Aptekar, Architectural Technology
Nathan Astrof, Biological Sciences
Maria-Elena Bilello, Dental Hygiene, Co-chair
Pamela Brown, Associate Provost
Renata Budny, Restorative Dentistry, Co-chair
Martha Effinger-Crichlow, African American Studies (fellowship leave)
Renata Ferdinand, English
Gretta Fernandes, Human Services
Asm Delowar Hossain, Electrical and Telecommunications Engineering Technology
Jennett Ingrassia, Radiologic Technology and Medical Imaging
Julia Jordan, Hospitality Management
Anne Leonard, Library (fellowship leave)
Kara Pasner, Vision Care Technology
Susan Phillip, Hospitality Management
Jose M. Reyes Alamo, Computer Engineering Technology
Benjamin Shepard, Health and Human Services (fellowship leave)
Maura Smale, Library

Gen Ed Course Coordination Working Group

2013-2018

2016-2018 Course Coordination Liaison Charge: A two-year commitment to lead course-level improvement of student learning and the student experience. Course coordination liaisons (CCL) will work with course instructors, other members of their department/chairs, fellow liaisons, deans, members of the Gen Ed and Assessment Committees and others to evaluate course content, course materials and pedagogical practices, and implement, reassess, and share effective course coordination practices.

2014-2016 Role of Course Coordination Liaison within the department and school and across the College

Liaison Charge: 2 year commitment as part of a continuous cycle of defining, delivering, refining, and sharing effective course coordination practices with the School and Gen Ed Committees

Long-term Goal: Design a college-wide framework that supports course coordination, integrates selected Gen Ed SLO/s in each course, and review the process on a cyclical basis in synch with Gen Ed Assessment cycle.

Accomplishments for academic year 2015-2016:

- Department CC Liaisons conducted Workshops w/full-time and part-time faculty
- Progress report meetings with Department CC Liaisons and School Deans; sharing Best Practices
- Implementation of Gen Ed SLOs in chosen courses, 100% departments participation
- 2-year cycle outcomes reported at Chairs Colloquium and Gen Ed Committee Meeting in Spring 2016

Accomplishments for academic year 2014-2015:

- Course Coordination definition & responsibilities completed by all departments
- Gen Ed Course Coordination Day - Thursday, January 22, 2015
- Gen Ed was made visible through Course Coordination Framework in concert with Living Lab (HOW)
- Selected Course Coordinators reviewed Gen Ed outcomes and helped to develop implementation strategy.
- Progress reported at Chairs Colloquium and Gen Ed Committee Meeting in Spring 2015

Accomplishments for academic year 2013-2014:

- Surveyed department chairs regarding course coordination, current practices, definitions and value to the departments.
- Results of the survey were reported at Chairs Colloquium.

Gen Ed Committee Structure & Tasks

The Gen Ed Committee—Where next?

New York City College of Technology aspires to be a living laboratory where General Education

- is represented by a mutually accepted core of knowledge, skills, and values that permeate all courses, not only in the liberal arts and sciences, but across the majors.
- makes rich use of the physical, historical, economic, and cultural aspects of our location in a diverse urban community
- stresses active learning and creative problem solving
- encourages engagement in personal, professional, and civic communities
- integrates theory/ knowledge and hands- on/ application
- maintains a global focus/ perspective
- is communications intensive

From the General Education framework passed by College Council, March 2013

2013-2015 The broad Gen Ed project at City Tech is supported by complementary efforts of:

- The Gen Ed Committee—**What** is Gen Ed at City Tech?
- The Title V Living Lab project—**How** can we integrate Gen Ed pedagogically across the curriculum?
- The Interdisciplinary Committee—**How** can we integrate Gen Ed curricularly across the College?
- The Assessment Committee—**How well** are our students meeting Gen Ed outcomes?

Since 2015 the broad Gen Ed project at City Tech is supported by complementary efforts of:

- The Gen Ed Committee—**What** is Gen Ed at City Tech?
- L4 and 'Knowing Brooklyn' theme developed by CityTech GenEDGE - **How** can we integrate Gen Ed across the curriculum? (<https://openlab.citytech.cuny.edu/14/>)
- The Interdisciplinary Committee—**How** can we integrate Gen Ed curricularly across the College?
- The Assessment Committee—**How well** are our students meeting Gen Ed outcomes?

What is the role of the Gen Ed Committee? Two levels

Institution-wide

- Frame the goals and desired outcomes of general education, drawing on the thinking of the departments as well as the traditions of general education.
- Coordinate all of the Gen Ed work going on at the College under one umbrella
- Raise awareness and represent Gen Ed to all campus constituencies

In the departments

- Communicate departmental thinking, needs, and concerns to the committee
- Work with departments to achieve integration of Gen Ed goals and outcomes into the curriculum and pedagogy of the department's programs and courses.

Structure

Membership—Representation from all departments/ programs. Their departments select members.

Three Working groups (Faculty, Representation)—Each Committee member is also a member of a working group that focuses on one aspect of the committee's role. Each has a facilitator and a recorder selected by the members each year.

Steering Committee - Working Group leaders and recorders plus 3-5 "at large" members including the provost as an ex officio member. The Steering Committee plans the agendas, both annual and for specific meetings, and meets with the Title V, Assessment Committee, and Interdisciplinary Committee representatives to plan joint efforts.

Important General Education Learning Goals—adopted by College Council March 2013

New York City College of Technology aspires to be a living laboratory where General Education

- is represented by a mutually accepted core of knowledge, skills, and values that permeate all courses, not only in the liberal arts and sciences, but across the majors.
- makes rich use of the physical, historical, economic, and cultural aspects of our location in a diverse urban community
- stresses active learning and creative problem solving
- encourages engagement in personal, professional, and civic communities
- integrates theory/ knowledge and hands- on/ application
- maintains a global focus/ perspective
- is communications intensive

<p>KNOWLEDGE Develop knowledge from a range of disciplinary perspectives, and develop the ability to deepen and continue learning.</p>	<p>Breadth of knowledge</p> <ul style="list-style-type: none"> ▪ Value knowledge and learning ▪ Understand and appreciate the range of academic disciplines and their relationship to the fields of professional and applied study. ▪ Use the arts, sciences and humanities as a forum for the study of values, ethical principles, and the physical world.
	<p>Depth of knowledge</p> <ul style="list-style-type: none"> ▪ Engage in an in-depth, focused, and sustained program of study ▪ Pursue disciplined, Inquiry-based learning in the major.
	<p>Lifelong learning</p> <ul style="list-style-type: none"> • Show curiosity and the desire to learn. • Acquire tools for lifelong learning—how to learn, how they learn, knowledge of resources.
<p>SKILLS Acquire and use the tools needed for communication, inquiry, analysis, and productive work.</p>	<p>Communication</p> <ul style="list-style-type: none"> • Communicate in diverse settings and groups, using written (both reading and writing), oral (both speaking and listening), and visual means, and in more than one language.
	<p>Inquiry/ Analysis</p> <ul style="list-style-type: none"> • Derive meaning from experience, as well as gather information from observation. • Understand and employ both quantitative and qualitative analysis to describe and solve problems, both independently and cooperatively. • Employ scientific reasoning and logical thinking. • Use creativity to solve problems. <p style="text-align: right;">→</p>

<p>INTEGRATION Work productively within and across disciplines.</p>	<p>Information Literacies</p> <ul style="list-style-type: none"> ▪ Gather, interpret, evaluate, and apply information discerningly from a variety of sources.
	<p>Systems</p> <ul style="list-style-type: none"> ▪ Understand and navigate systems
	<p>Integrate Learning</p> <ul style="list-style-type: none"> ▪ Resolve difficult issues creatively by employing multiple systems and tools. ▪ Make meaningful and multiple connections among the liberal arts and between the liberal arts and the areas of study leading to a major or profession.
<p>VALUES, ETHICS, AND RELATIONSHIPS Understand and apply values, ethics, and diverse perspectives in personal, professional, civic, and cultural/global domains.</p>	<p>Professional/Personal Development</p> <ul style="list-style-type: none"> ▪ Demonstrate Intellectual honesty and personal responsibility. ▪ Discern consequences of decisions and actions ▪ Demonstrate intellectual agility and the ability to manage change. ▪ Work with teams, including those of diverse composition. Build consensus. ▪ Respect and use creativity.
	<p>Ethics/Values</p> <ul style="list-style-type: none"> ▪ Transform information into knowledge, and knowledge into judgment and action. ▪ Assume responsibility for social justice
	<p>Community/Civic Engagement</p> <ul style="list-style-type: none"> ▪ Demonstrate social and civic knowledge [regarding social, political, economic, and historical issues]. ▪ Understand organizations and histories underlying government in global context ▪ Apply knowledge and analyze social, political, economic, and historical issues. ▪ Show ability to contribute actively by applying knowledge to the identification and analysis of societal and professional problems to enact solutions.
	<p>Global/ Multicultural Orientation</p> <ul style="list-style-type: none"> ▪ Demonstrate expanded cultural and global awareness and sensitivity. ▪ Discern multiple perspectives. ▪ Use awareness of cultural differences to bridge cultural and linguistic barriers. ▪ Demonstrate proficiencies and capacities in dealing with a diverse society. ▪ Communicate across cultural and linguistic barriers.
