

arch 1101: architectural drawing grading rubric and checklist

student name: **TEMPLATE**

ITEM + POINTS POSSIBLE	CRITERIA	POINTS EARNED	GRADE [%]
Completion:			
1	Submitted but lacking significant understanding		
2	Submitted but significantly incomplete		
3	Submitted and missing a few elements		
4	Submitted and Complete		
Lineweight / Quality of linework:			
1	No lineweights or construction lines distinguishable, poor quality lines		
2	Lineweights too similar, or minimal construction lines, or lines are minimal quality.		
3	At least two lineweights clearly applied, construction lines utilized, and acceptable quality lines		
4	At least three lineweights, construction lines utilized and high quality lines		
Accuracy + Coordination			
1	Scale and dimensions are incorrect and inconsistent		
2	Scale is correct but dimensions are incorrect or inconsistent		
3	Scale is correct but some elements are incorrect dim or minor inconsistencies		
4	Scale and dimensions are correct and consistent		
Architectural Drawing Conventions + Reference Lines			
1	Conventions are not applied to drawing		
2	Conventions are applied but show lack of understanding		
3	Conventions are applied with some errors or some missing		
4	Conventions are applied complete and correct		
Conceptual understanding of orthoganal views			
1	Lack of understanding of drawing views + relationship to each other		
2	Errors in drawing views		
3	Views aligned and dimensionally coordinated		
4	All views clearly articulated, + organized into clear presentation
