

Spring 2018 Registration Workshops

Good Evening Everyone!

Hope you're all enjoying the weekend. I wanted to provide important information regarding registration for classes for the next semester, spring 2017. FYLC is hosting a series of workshops of which there are two coming up on November 14th and November 16th. I have attached a picture of the flyer for more details.

Also,

Did you know you can register for a learning community that will help you fulfill your elective requirements??!! If you register for Culinary Arts I (HMG1203) **or** Baking and Pastry Arts I (HMG1204) and History of Photography (ARTH1100) you can earn 6 credits and fulfill an elective requirements such as Writing Intensive, Liberal Arts Elective, Creative Expression or Flexible Common Core. That's a great way to get ahead and check at least 1 more class off of your list of requirements. If you have any questions contact Prof. Thalia Warner (Culinary and Baking) at Twarner@citytech.cuny.edu.
