Grid Week 2, Wednesday September 6
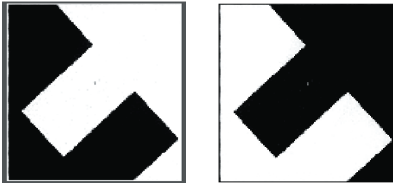

A
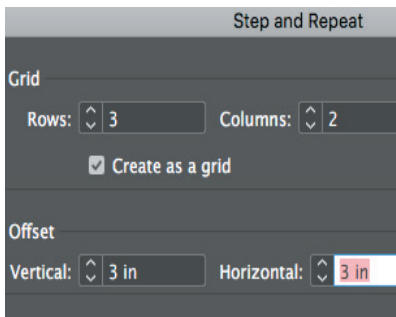

B

C

D

align ruler to edge > cut

1
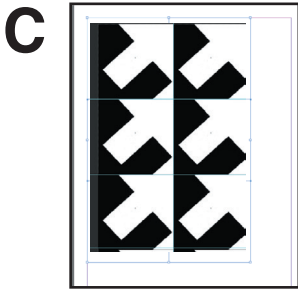

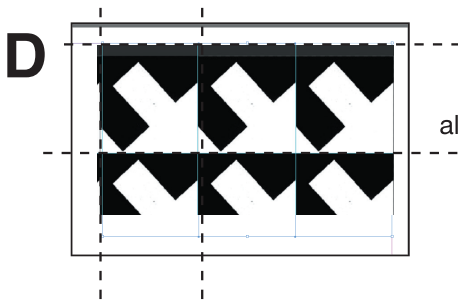

Finalize your letterform.
Create a **reverse** (if your letter was white on a black surface,
    create a black letter on white. *see figure A*

2

Open a **new Indesign** document: 8.5 x 11 in margins: 12 pt
In the top left corner of your page add your first letterform
Make it a 3 in. square Do NOT outline
Open **step and repeat:**   Edit > Step and Repeat   *see figure B*
    rows: 3, columns: 2, check "create a grid
    vertical: 3 in.,   horizontal: 3 in
You will have a grid of 6 units of your letterform *see figure C*
Click: OK

3

Open a **second page and repeat step 2** with your reverse letterform

4

Print **3 copies of each page,** 6 copies total

5

Align your **ruler** on the edge of a row. **Trim** with your xacto knife
Continue to cut all pages. You will have **18 squares of EACH** letter

6

Bring all squares to Thursday's class
In class, we will arrange squares in a grid of 16, 4 across, 4 down
We will align our forms to create larger areas, **NOT patterns**
We will review this process in class
