English

Mian Hanga

Mother tongue, by Amy Tan

"I was giving a talk to a large group of people, the same talk I had already given to half a dozen other groups." page 1

This quote is important because that's happened with me when I came to NY. I want my reader to notice that I went to that experience & I know how it feels.

"I was ashamed of her English. I believed that her English reflected the quality of what she had to say that is, because she expressed them imperfectly her thoughts were imperfect." page 2

This quote is important because I don't like it. However I want my reader to know that my mom tried to speak English and I never felt ashamed rather than that I correct her.

<sup>20</sup> "I became an English major my first year in college, after enrolled as pre-med. I started writing nonfiction as a freelancer the week." page 3

This quote is I chose because that's very impressive the writer got grip on English very fast English is not hard.

<sup>21</sup> "I am a writer. And by that definition I am someone who has always loved languages." page 2

I chose this quote because I like to write to but am I love languages like is it necessary.
