Carol Steiker's lecture Q&A:

The death penalty has been making its checklist stricter throughout the years, making the death penalty eligible for more of the notorious crimes. Seeing its pattern throughout the years, it would not be surprising to see the Supreme Court eventually prohibit the death penalty

This is the outline of my video part, the complete script of what im going to say is harder to plan out because I need to see the total time of the clips together.

I chose this as one of my low stakes homework because I think it demonstrated a few things that improved my overall writing and competency as a writer. I learned to organize prior to my final assignments and which in this case I included the time frame for clips as well as a brief summary to why I included them. It helped me while making the video and after the video where I used it to write my artist statement.
