- Soft pastel toned fabrics
- Floral designs
- Blooming of butterflies

We would like to define our inspiration the peak of innocence of young little girls.

Fabric Selections

Here are some of our designs we plan on making and selling to the public.

Some of the fabric we will use for our spring collection consists of

- Cotton
- Polyester
- Tulle

Embroidered designs is also an idea we have taken into consideration.

Future Endeavors

We realize that little girls are not the only ones that are at risk of child abduction but Klothes Finder has a goal to create clothing for all seasons and for both little boys and little girls.

As our company grows and expands we plan on adding the fabrics and material that is adequate for each season throughout the year.

Our Spring collection is just the beginning of many future projects for our company.

Thank You So Much!!!
