- 1. 5 4 3 2 1 Rate the concept and design? Is the message clear and does it make sense?
- 2. 5 4 3 2 1 Rate overall technical skill used to create the Info-graphic?
- 3. 5 4 3 2 1 Does the design reflect a solid understanding of Information flow?
- 4. 5 4 3 2 1 Is the design effectively showcasing data?
- 5. 5 4 3 2 1 Did the designer use charts or graphs to effectively support thesis?
- 6. 5 4 3 2 1 Most importantly, is there a clear thesis and do all images and sub-sections of the information graphic support that thesis?

Principles of Design

- 7. 5 4 3 2 1 **Hierarchy:** Does the Info-graphic show a clear hierarchy of information?
- 8. 5 4 3 2 1 **Focal Point:** Does the Info-graphic have a focal point?
- 9. 5 4 3 2 1 **Balance:** Does the layout feel balanced (asymmetrical or symmetrical)? If the layout were on a scale these elements should feel balanced to make a design stable.
- 10. 5 4 3 2 1 **Proximity /Unit:** Is there a feeling of harmony between all parts of the artwork creating a sense of focal point.
- 11. 5 4 3 2 1 **Proportion:** Does the layout feel well proportioned (all parts relate well to each other)?
- 12. 5 4 3 2 1 **Alignment:** Does the layout feel cluttered? Designs that try to cram too much text and graphics onto the page are uncomfortable and may be impossible to read. The allotted amount of negative space gives a comfortable breathing room.
- 13. 5 4 3 2 1 **Rhythm:** Does the layout create a feeling of organized movement? Repeating design elements and consistent use of type help to create positive rhythm in design.
- 14. 5 4 3 2 1 **Emphasis:** Is there an effective feeling of contrast in the layout? Big and small elements, black and white text, squares and circles, can all create contrast in design.
- 15. 5 4 3 2 1 **Overall:** Is the design a creative, effective and clear visual solution in support of your original *Thesis from Phase 1 - Worksheet*?
